	Per 100g																													
	Energy	2236	kJ																											
	Fat	42.2	g																											
	Saturated Fat	3.7	g																											
	Carbohydrates	28.9	g																											
	Sugars	1.5	g																											
	Dietary Fibre	27.3	g																											
	Protein	18.3	g																											
	Sodium	0.03	g																											
Allergens	None - Document available upon request. Sesame stored at the same warehouse but in a separate and defined area.																													
GMO Status	GMO Free – Document available upon request																													
Chemical & Pesticide Residues	Levels conform within the maximum levels as specified under CODEX and the Australian Food Standards Code																													
Claims & Certifications	Kosher – Certified Halal – Inherently suitable Organic - Certified																													
Packaging	25kg net weighted new polypropylene bags																													
Labelling Format	Bag tag with name of product, country of origin, purchase contract number, supplier batch / lot number, production date, best before date																													
Shelf Life	2 years from packaging date if kept in optimal storage conditions																													
Optimal Storage Conditions	Keep cool (< 5 degrees Celsius) in a cool, dry place away from direct sunlight																													
Applicable Quality Certifications	BRC, IFS Food and Global Standard for Food Safety																													

Guidance on use of information:

The information in this specification should be taken as a guide only. Values can vary with variety, conditions of growth and age of the product when used. We have taken a reasonable effort to ensure that the information is true and accurate at time of writing.

Intended Use:

This product is an agricultural commodity processed in order to meet or exceed this specification as detailed above and is intended for sale to manufacturers and wholesalers. It is the responsibility of the purchaser to ensure the product is suitable for sale to their business and retail customers. This includes provision of the appropriate consumer labelling content that incorporates a 'direction for use statement' and/or 'warning statements' to mitigate any risks arising from the nature of the product (i.e. further cleaning/rinsing/cooking prior to consumption)
