PRODUCT SPECIFICATION: Organic Brown Flax Seed / Linseed Meal

Description	Organic Brown Linseed Meal																													
Origin	Milled in Australia from 100% ingredients sourced from Kazakhstan and cleaned/bagged in Turkey.																													
Production Statement	This ingredient for this product is processed using Good Manufacturing Practices (GMP) in certified facilities under license and supervision by AGT Poortman. Milling of Flaxseed is conducted in Australia in a FSSC 22000 & HACCP certified facility.																													
Physical Standards	<table><tr><td>Colour</td><td colspan="2">Light and dark brown</td></tr><tr><td>Appearance</td><td colspan="2">Ground flax seed</td></tr><tr><td>Flavour</td><td colspan="2">Characteristic odour and flavour</td></tr><tr><td>Moisture</td><td colspan="2">Maximum 9 %</td></tr></table> Flaxseed / Linseed as an oilseed is not passed through a sieve for sizing as expressed oils would clog parts. Instead it is milled in a specially designed closed roller in a single pass to ensure optimal consistency and nutrient retention. Allergens	None - Document available upon request. Sesame stored at the same warehouse but in a separate and defined area.
GMO Status	GMO Free – Document available upon request
Chemical & Pesticide Residues	Levels conform within the maximum levels as specified under CODEX and the Australian Food Standards Code
Claims & Certifications	Kosher – Certified Halal – Inherently suitable Organic - Certified
Packaging	15kg net weighted new lined multi-walled paper bags
Labelling Format	Bag tag with name of product, country of origin, purchase contract number, manufactured lot number, production date, best before date
Shelf Life	6 months Maximum, Prefer 3 months
Optimal Storage Conditions	Keep cool (< 5 degrees Celsius) in a cool, dry place away from direct sunlight
Applicable Quality Certifications	TFB Trading: HACCP Raw Ingredients and Distribution: BRC, FSC22000, HACCP, IFS Food and Global Standard for Food Safety. Melbourne Milling: FSSC22000 and HACCP

Guidance on use of information:

The information in this specification should be taken as a guide only. Values can vary with variety, conditions of growth and age of the product when used. We have taken a reasonable effort to ensure that the information is true and accurate at time of writing

Intended Use:

This product is an agricultural commodity processed in order to meet or exceed this specification as detailed above and is intended for sale to manufacturers and wholesalers. It is the responsibility of the purchaser to ensure the product is suitable for sale to their business and retail customers. This includes provision of the appropriate consumer labelling content that incorporates a 'direction for use statement' and/or 'warning statements' to mitigate any risks arising from the nature of the product
